

Chicken Noodle Soup

You can make this easy or hard. I'll give you the easy way.

Ingredients:

1 Can Chicken and broth

6 Cups Water

2 Bouillon Cubes

Salt and Pepper to taste

1/2 Onion (chopped)

2 Ribs Celery (diced)

1 Cup Carrots (sliced)

1 Tbsp. Parsley Flakes

2 Handfuls Klusky Noodles

Procedure:

Combine ingredients and bring to a boil, then add the Klusky Noodles. These are the best for soups. They are big, flat, homemade looking noodles. Simmer until noodles are soft. I like to throw in a can of green beans too.

Notes :

This is the best if you don't feel good on a winter day. It's a scientific fact that chicken soup is good for colds and flu. Trust your mother
